A SAFE AND SECURE PLACE TO LIVE

Bob is keen to keep crime and anti social behaviour at their lowest levels. Through his involvement with the safer neighbourhood's panel and by working closely with communities, the Parish Council and the Police, Bob makes your voice heard to help protect the most vulnerable in our community.

Keeping You Safe and Healthy is My Priority

GAVIN WILLIAMSON MP FOR SOUTH STAFFORDSHIRE

YOUR LOCAL CONSERVATIVE FOR CODSALL AND BILBROOK

■ Bob Spencer has lived in Codsall for over 20 years. His wife Jill is a local nurse and they have two grown up children. Bob was a senior officer with the West Midlands Police and currently works delivering a Government strategy that tackles the dangers of terrorism and violent extremism. This role involves working with local communities and schools. Bob was elected to Codsall Parish Council in 2014 and is Vice Chairman, playing an active role in the community, supporting local activities and importantly, ensuring residents get value for money whilst keeping council tax low. He sits on Staffordshire's Safer Neighbourhoods Panel, which improves local policing by involving partnership agencies and local people. Bob is probably best known for running a Judo Club at Codsall Leisure Centre for over 30 years.

The reason for this local by-election is because of the untimely death of Robbie Marshall, a true champion of local causes and a real inspiration. Bob intends to build upon his huge legacy. It is essential you have a local representative who listens to your concerns and delivers on promises. Staffordshire is a great place to live and raise a family. With your support we'll have a more prosperous, healthy and successful community.

Codsall and Bilbrook By Election for Staffordshire County Council **8 February 2018**

“Working for Everyone in our Community”

BOB SPENCER
Your local Conservative candidate in Codsall and Bilbrook

Our Future Together in Staffordshire

BETTER PAID JOBS FOR YOU AND YOUR FAMILY

We've helped more businesses to stay and grow in Staffordshire. We now have a record number of new businesses, which means more and better paid jobs. Our goal is to help your family to thrive and prosper, so our focus will be on improving skills and apprenticeships. And as Staffordshire prepares for Brexit we are now in a strong position to build on the success of i54 South Staffordshire.

WORKING WITH OUR NHS TO BUILD A BETTER HEALTH SERVICE

We need a health and care system that works for everyone. That's why we support our hospitals and health providers to deliver high quality health services and remove waste and inefficiency. It is vital we have access to well resourced GPs and clinics in our communities to give us the best treatment close to where we live, with hospitals having enough beds to treat emergency and critical patients.

AGEING WELL AND STAYING HEALTHY

More of us are living longer, and we want to help people to stay healthy too, continuing to be active and enjoy the things our county has to offer. We are spending record amounts on the right care and support – over £310m a year is now spent on help, support, advice, and looking after frail people. In Staffordshire we help each other, so we can support those who really need our help.

EXTRA £5M TO TACKLE POTHOLES

Staffordshire's roads are some of the safest in England and our rapid jobs growth has been underpinned by investment in new highways. But we recognise that road defects and potholes matter to residents with £5m extra from 2017 to repair the roads that concern you most. Local people know their area best so we will provide a £250k fund for highways safety projects which communities can bid into.

Action for **CODSALL AND BILBROOK**

GOOD SCHOOLS BRIGHTER FUTURES

We believe that well-led nurseries, schools, colleges, training providers and universities are best placed to give children the best start to prepare them and adults for a bright future. We will continue to challenge and help those providers that are not yet good or outstanding and provide parents and learners with the information they need to choose the best academic or technical course for them.

STRONGER AND SAFER COMMUNITIES

Staffordshire has strong communities. By teaming up with local volunteers and charities we have kept all of Staffordshire's libraries open while other places are closing theirs. We will continue to work with you and we will encourage public bodies such as Fire, Ambulance and Police to work more closely together so you are better protected and more public money is available for frontline services.

A PLACE TO GROW OLD FEELING SAFE

Most of us want to remain in our homes as we get older, but if living independently is no longer an option, having a choice of living accommodation which suits your needs is the next best thing. Where there are a range of community facilities alongside your private accommodation together with health and care support close by. A place where we can grow old but always feel safe.

A WELL RUN COUNCIL WITH LOW COUNCIL TAX

We will keep council tax to a minimum as you know best how to spend your hard earned money wisely. Your county council tax remains the third lowest in England. We will keep your council efficient, with less waste and modernised services, working for you as simply and usefully as possible. We will continue making sure the things that touch our everyday lives give value for money and satisfaction.
